The governance structure of the Company where the responsibilities of the Board are delegated to the relevant Board Committees and the Management of the Company are illustrated below:

BOARD LEADERSHIP AND EFFECTIVENESS

I. BOARD RESPONSIBILITIES

Responsibilities for Leadership and Meeting Objectives and Goals

The Board establishes the vision and strategic objectives of the Group and is entrusted with the responsibility in leading and directing the Group towards achieving its strategic goals, delivering sustainable value and realising long-term shareholders value. The Board is primarily responsible for overseeing the implementation of strategies and plans by the Management, promoting good corporate governance culture and the governance of sustainability within the Group, overseeing the conduct of the Group's businesses, monitoring and evaluating the implementation of appropriate systems and framework to identify, analyse, manage and monitor principal risks, reviewing the adequacy and integrity of the Group's system of internal control, and ensuring effective communications with stakeholders.

The Chairman is primarily responsible for ensuring Board effectiveness and leading the Board in its collective oversight of management whereas the Managing Director ("MD") is responsible for day-to-day management of the Group's businesses and operations including the implementation of business plans, strategies and policies. The distinct and separate roles of the Chairman and MD with clear division of responsibilities are set out in the Company's Board Charter. The positions of Chairman and MD are held by 2 individuals.

The Board acknowledges the requirement of MCCG that the Chairman of the board should not be a member of the Audit Committee, the Nomination Committee or the Remuneration Committee in order to foster greater objectivity in the boardroom. Although the Chairman of the Board is also the Chairman of the Nomination Committee and a member of the Audit Committee, the Board is of the view that with his professional qualifications and sound knowledge in financial reporting and management accounting coupled with the experiences he has accumulated over 40 years in various sectors, the Chairman is able to contribute his professional advices to the strategies and operations of the Company in meeting its objectives. As a senior Independent Director, he is able to bring with him by the quality of impartiality, maintains his neutrality and continues to be an effective conduit for other independent Directors to voice their concerns in the Company's decision-making.

The Company Secretaries who have the requisite credentials and qualifications are available and provide support to the Board and Board Committees in ensuring that all of their meetings as well as general meetings are properly convened in accordance with applicable rules and procedures and that the records of the proceedings and resolutions are properly maintained. The Company Secretaries also facilitate the communication of decisions made by the Board and Board Committees to the relevant Management for appropriate actions.

The Directors also have access to the Company Secretaries for advice on their duties and obligations under the CA 2016 and updates on corporate governance matters, statutory and regulatory requirements, and other relevant legislations in addition to administrative matters.

The appointment and removal of the Company Secretaries are subject to the approval of the Board.

The Board, as a whole and its members in their individual capacities, have unrestricted access to complete information on a timely basis in the form and quality necessary for the discharge of their duties and responsibilities. Prior to each Board meeting, all Board members are furnished with the relevant documents and sufficient information to enable them to obtain a comprehensive understanding of the matters to be deliberated upon. Senior Management of the Group are also invited to attend Board meetings to provide their professional views, advice and explanation on specific items on the agenda in order for the Board to arrive at an informed decision.

Besides direct interactions with the Management, external independent professional advisers are also made available at the Company's expense to render their independent views and advice to the Board whenever deemed necessary and under appropriate circumstances or at the request of the Board.

The Board meets on a quarterly basis, with additional meetings convened as and when necessary. During the financial period, 9 Board Meetings were held.

Demarcation of Responsibilities between Board, Board Committees, Individual Directors and Management

As part of the corporate governance process, the Board has formalised and adopted the Board Charter which clearly sets out the composition, roles, responsibilities, powers and processes of the Board, and matters reserved for decision of the Board. In facilitating the discharge of duties by the Board, the Board Charter provides for delegation of responsibilities by the Board to Board Committees via approved Terms of Reference of each Board Committee and the reporting obligations by the Board Committees. The Board Charter sets out responsibilities of the Board to ensure effective interactions between the Management and the Board. The Board Charter also serves as reference criteria for the Board in the assessment of its own performance, individual Directors and the Board Committees. Ultimately, the Board Charter reinforces the overall accountability of both the Board and the Management towards the Company and the stakeholders.

The Board Charter is subject to review by the Board at least once in every 3 years or as and when the need arises and in tandem with any new or revision of relevant statutory and regulatory requirements impacting the responsibilities and discharge of duties by the Board. The Company's Board Charter is available on the Company's website for reference.

In assisting the Board to discharge its oversight functions, the Board delegates certain responsibilities to 3 committees, namely the Audit Committee, the Nomination Committee and the Remuneration Committee. The Terms of Reference which regulate the affairs and conduct of these Committees spell out their composition, responsibilities, authorities and duties. The respective Committees report to the Board on matters considered and their recommendations thereon. The Board may also form other committees delegated with specific authorities to act on its behalf whenever required. The ultimate responsibility for the final decision on all matters, however, lies with the Board.

The Terms of Reference of the respective Committees are available on the Company's website for reference.

The Board delegates to the MD, the authority and powers of executive management of the Company and its businesses within levels of authority specified from time to time. The MD may delegate aspects of his authority and powers but remains accountable to the Board for the Company's performance and is required to report regularly to the Board on the progress being made by the Company's business units and operations.

Commitment to Good Business Conduct and Healthy Corporate Culture

The Board in discharging its functions has observed the Code of Ethics for Company Directors issued by the Companies Commission of Malaysia ("CCM") which can be viewed from the CCM's website at www.ssm.com.my, the provisions of the CA 2016, and the principles of the MCCG.

The Group has in place, a Code of Business Ethics and Conduct ("CoBEC") which covers the ethical values and principles of the Group and provides guidance on acceptable behaviour to all Directors and employees of the Group in operating and managing the Group's businesses and affairs. The CoBEC is further supported by other policies which include the Whistleblower Policy, Competition Policy, Sexual Harassment Policy, Sustainability Policy & Framework, Procurement Framework, Integrity & Fraud Risk Policy and Personal Data Protection Framework of the Group.

The Group has an Anti-Bribery and Corruption Policy ("ABC Policy") which reflects the Group's stand of zero tolerance against all forms of bribery and corruption, and its commitment to lawful and ethical conduct at all times. The ABC Policy elaborates on the Group's core principles set out in the CoBEC and the Employee Code of Conduct, providing information and guidance to all directors, employees and other stakeholders of the Group concerning how to deal with improper solicitation, bribery and other corrupt activities and issues that may arise in the course of business.

The key policies are available on the Company's website under the section "Governance".

The emergence of COVID-19 pandemic in early 2020 had a far-reaching impact to all businesses globally, including those of the Group. In order for the Board to effectively monitor the Group's risk management, the Board assessed the initiatives and action steps taken by Management in responding to the COVID-19 pandemic and other arising challenges, to ensure continuous sustainability of the Group's operations whilst constantly fostering a safe working environment for the employees.

Management re-evaluated and where appropriate, adapted existing processes due to the impact of the movement control orders on the business operations and restructured the operations arrangements for manufacturing teams due to the travel restrictions to ensure business continuity while strictly enforcing Standard Operating Procedures (“SOPs”) to mitigate COVID-19 effects. For the office-based staff, the workforce transitioned to working from home on a staggered schedule.

With a new working landscape (due to the SOPs), the Group placed emphasis on the mental health of its employees, in addition to physical safety. The Board was regularly briefed on Management’s plans and actions with regard to the wellbeing of employees while also ensuring their productivity despite various operational restrictions. The Board was fully supportive of Management’s actions and continues to monitor the progress. Learnings from such initiatives have been shared and improvements have been made where appropriate to enhance flexibility in working processes, thereby reinforcing the Company’s commitment to the health and safety of the employees.

As a response to the new normal, the Annual General Meeting and the Extraordinary General Meeting of the Company held during the financial period were conducted virtually, paving the way for the increased use of technology in facilitating communication, meaningful engagement between the Board, Senior Management and the Shareholders whilst ensuring the safety of Shareholders, the Board and employees.

Commitment to Address Sustainability Risks and Opportunities in an Integrated and Strategic Manner

The Board shoulders the responsibility of catalysing economic growth by empowering businesses, and serving in the best interests of the employees, customers, suppliers, community and society at large, while continuously committed to understanding and implementing sustainable practices to achieve the right balance between the objectives of the Shareholders, attaining economic success, protecting the environment and fulfilling ethical obligations to other stakeholders and the wider community (in which the Group has a presence).

Full details of the Group’s commitment to the sustainability in the aspects of Economic, Environment and Social (“EES”) are found in the Sustainability Statement on pages 51 to 57 of this Annual Report.

II. BOARD COMPOSITION

Objectivity in Board Decision-Making

The objectivity in decision-making by the Board is driven by its composition, role of independent non-executive directors and competencies of its members. Currently, the Board comprises 5 Directors, 4 of whom are non-executive. Represented on the Board are 3 independent non-executive Directors, effectively constituting more than half of the Board and whose presence and participation provide independent advice, views and judgement to bear on the decision-making process of the Group in ensuring that a balanced and unbiased deliberation process is in place to safeguard the interests of all stakeholders. As and when a potential conflict of interest arises, it is mandatory practice for the Directors concerned to declare their interests and abstain from the decision-making process.

In accordance with the Company’s Constitution, 1/3 of the Directors shall retire from office at every annual general meeting and all Directors shall retire from office at least once in every 3 years. Retiring Directors can offer themselves for re-election. Directors who are appointed by the Board during the financial period are subject to re-election by the Shareholders at the next annual general meeting following their appointment.

The MCGG provides that the tenure of an independent Director shall not exceed a cumulative term of 9 years. Upon completion of the 9 years, an independent Director may continue to serve on the Board as a non-independent Director. In the event such Director is to be retained as an independent Director beyond 9 years, the Board must provide justification and obtain Shareholders’ approval.

The Nomination Committee is responsible for recommending to the Board the re-election of Directors and the retention of the independent Directors whose tenure of service will exceed 9 years or have exceeded 9 years. The Board, assisted by the Nomination Committee, assesses the independence of the independent Directors and tenure of each Director on an annual basis. In addition, the independent Directors affirm their independence annually to the Board.

In optimising the collective leadership by the Board in providing clear direction and opportunities for the Group, the Board, in its appointments and composition, pays due recognition to the mix of competencies, expected contributions and diversity representation of the Board. The Board, from time to time, undertakes a review of the merit of the appointment criteria in the context of the Group's businesses and strategies for appropriateness.

The Nomination Committee is responsible for identifying, evaluating and nominating suitable candidates to be appointed to the Board and Board Committees.

As an enhancement to its process of sourcing suitable candidates for the Board, the Nomination Committee may also consider procuring suitable candidates from independent sources, when appropriate and practicable.

In assessing and recommending to the Board suitable candidature of Directors, the Nomination Committee shall consider the broad Fit & Proper and Independence Criteria as set out in the Board Charter and the following:

- Competencies – qualifications, knowledge including financial literacy, industrial experience and expertise, seniority and past achievements;
- Expected contributions – appointment scope, role, commitment level, professionalism and integrity; and
- Diversity representation – appropriateness and the fulfilment of the Board's desired mix of competencies, age, gender and cultural background.

While recognising the importance of providing fair and equal opportunities for appointment of Board and Senior Management, the Board is supportive of the Government's target of having at least 30% women participation on boards of public listed companies in Malaysia and has applied the recommendation of the MCCG. The Board currently has 2 women Directors.

The process and criteria to identify and nominate candidates for appointment as a Director, re-election and re-appointment of existing Directors, and retention of independent Directors are set out in the Board Charter.

A brief description of each Director's background is presented in the respective profile under Directors' Profile on pages 7 to 9 of this Annual Report.

The Nomination Committee comprises 3 members, all of whom are non-executive Directors with a majority of them being independent Directors. The Nomination Committee is chaired by an independent Director. The composition and the Terms of Reference of the Nomination Committee are presented on pages 37 and 38 of this Annual Report and are available on the Company's website for reference.

Effectiveness of the Board and Individual Directors

The Nomination Committee assesses and evaluates on an annual basis the performance and the effectiveness of the Board as a whole, the Board Committees, the independence of the independent Directors as well as individual Directors based on the criteria set out by the Board and in accordance with the respective Board Committee's Terms of Reference.

In the evaluation of the performance of the Board for the financial period, the Directors were also assessed on their commitment in ensuring that EES risks and opportunities as well as stakeholders engagement were considered in the organisation's vision and strategy and that the organisation's sustainability initiatives were communicated to its internal and external stakeholders.

The assessment criteria for review of performance and effectiveness of the Board, Board Committees and individual Directors are set out in the Board Charter.

Time Commitment

A Director shall notify the Chairman of the Board of his/her acceptance of any new directorship in public listed companies. In any event, the maximum number of appointments in public listed companies shall be limited to 5 or any other number as set out in the Listing Requirements.

The notification shall include an assurance of his/her continued time commitment to serve the existing Board and that his/her other appointments shall not be in conflict or compete with the existing appointment with the Company.

Directors' Training

All Directors are encouraged to attend relevant external professional programmes as necessary to keep abreast of issues facing the changing business environment within which the Group operates by engaging in continuous professional development and where appropriate, on financial literacy.

The Board, on a continuing basis, evaluates and determines the training needs of each Director, particularly on relevant new laws and regulations, and essential practices for effective corporate governance and risk management to enable the Directors to sustain their active participation in board deliberations and to effectively discharge their duties and roles including understanding financial statements and are able to form a view on information presented.

The Board in ensuring that it is equipped and ready to execute its role, should identify its professional development needs concerning sustainability to address the same.

The Directors are kept up-to-date with market developments and related issues through Board discussion meetings with Management. In addition, the Company may arrange site visits for the Directors, whenever necessary, to enhance their understanding of the Group's businesses and have a better awareness of the risks associated with the Group's operations.
